FURNITURE & LIVING OBJECTS

2026 EDITION

ABOUT

Next Design

A Malaysian interior design & build studio, sourcing and curating furniture for homes and developments across the region.

Next Design Sdn Bhd works across interior design, build, and furniture supply, partnering with homeowners, designers, and developers to bring considered spaces to life. Alongside our design and build practice, we curate furniture collections sourced directly from manufacturing partners we trust, bringing well-made pieces to the Malaysian market at honest prices.

The Solis Collection gathers pieces built in solid oak, walnut, and stone, with woven cane and brushed brass details throughout — a warm, considered palette suited to both residential interiors and hospitality projects.

01

SOURCED WITH CARE

Every collection is reviewed for material quality, construction, and finish before it reaches our catalog.

02

BUILT TO ORDER

Pieces are produced to order, with finish and dimension options available on request.

03

DESIGN & BUILD

From single pieces to full-scale interior fit-outs, our team supports the full project.
